Subject: ATOMS CtO Approved

Marsha,

The AFMC CIO (Mr. Percell) approved the CtO for ATOMSV2.0 w/ SP2 on 10 Dec 2004. This CtO will apply to future "maintenance releases" of ATOMS (i.e. the security baseline does not change/no re-accreditation required). For example, another CtO for ATOMS v2.1 is not required for fielding this version at AFMC bases.

Sorry for my delayed response. With Mr. Percell transitioning to a new position at WR-ALC, we had some difficulty tracking the CtO package.

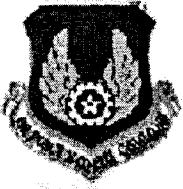

In the future, if/when the system is reaccredited please let us know and we will process a new CtO at that time.

Ken

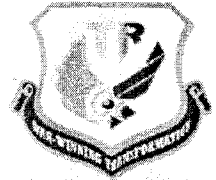

Ken Hendrick (SAIC), HQ AFMC/TRIA

C4I Certification Office, DSN 787-7949

Applies to v2.3

**Air Force Materiel Command
C4I Systems Integration Management
Certificate to Operate (CtO)**

An AFMC C4I Certification CtO means the command's Information Technology (IT) infrastructure is adequate to support new and renovated Automated Information Systems (AIS) programs and IT modernization efforts prior to their deployment and will ensure funding has been budgeted for any necessary infrastructure upgrades and life cycle support.

CtO Number: CtO-ATOMS 2.0 SP 2-TI-Full-04

System Acronym: ATOMS 2.0 SP 2

System Long Name: Automated Technical Order Management System (ATOMS) Software Package, Version 2.0 with Service Pack 2

Cert. Period (Expiration): 26 Feb 07 (See Below)

Level: Full

Cert. Period Comments: This is an AFMC Full level Certificate to Operate for ATOMS 2.0 SP 2. It will expire 26 Feb 07 in conjunction with the ATO, dated 26 Feb 04. The current fielding date is 15 Nov 04.

Site (Location): Tinnker

For AIS - I certify all infrastructure requirements have been identified and I am responsible for funding (to include sustainment resources - training, manpower, spares, etc.) all infrastructure upgrades above and beyond those upgrades currently planned and scheduled.

Program Office POC: Ms. Marsha Greenlaw

Date Program Office Signed: 2004-10-14 00:00:00

PMO Comment as Follows: PMO Approves CtO

For SITE INFRASTRUCTURE - I certify the readiness of the IT infrastructure to support the system's deployment into a production environment.

Base POC: Mr. Stephen Moglia

Date Base Signed: 2004-12-27 00:00:00

Base Comment as Follows: Base Coordinates CtO

Certification Authority: I certify the readiness of the IT infrastructure to support the system being deployed and the infrastructure sustainment funding support is adequate.
